

AUXO™

°Calent

Portable Electric Flower Vape

Astonishing Vapor. Whenever You Desire

Powered by the conduction and infrared dual-heating technology, Calent guarantees consistent and balanced sessions and unleashes the essences from your materials to the fullest.

360° All-Round Enjoyment

The unique 360° rotatable mouthpiece is exquisitely crafted with medical-grade zirconia, enabling faster vapor cool-down and intuitive use.

Double Control, Double the Fun

Simple and easy to use, Calent is preset with 4 heat settings tailored to your different needs. Accessible also via the AUXO Connect APP, control at a distance to share with friends.

Wonders on the Go

The sleek aluminum-housed body introduces a unique airflow path, ensuring a perfect balance between full vapor and rich taste for an ideal on-the-go vaping experience.

About AUXO

Mission

Creating and pioneering consistent, convenient, and user-friendly vaporization technology for all to enjoy.

Vision

We are determined to continue evolving the global vaporization space by making leaps and bounds in technological exploration, all while ensuring people get more than they pay for. We aspire to create industry-disrupting, user-centric concentrate and dry herb vaporization platforms that deliver the ultimate vaporizing experience.
